CHROMEEZ CHROME POWDER

SAFETY DATA SHEET

Section 1-Chemical Product and Company Identification

SDS Name: Ugly Duckling CHROMEEZ Chrome Powder

Company Identification: Ugly Duckling Nails Inc.

Address: #115-4382 West Shore Park Way, Victoria, BC Canada, V9B 5Z1

Section 2-Hazards Identification

Fatalness grade: According to regulations (EC) No. 1272/2008 of the formulation is not classified as dangerous goods.

Invasion route: Skin contact, eye contact, inhalation, ingestion.

Health Hazards: The dust generated in the production process of the eyes, skin and respiratory tract irritation effect.

Environment hazards: Can't be directly discharged into rivers, ponds and other aquatic environment.

Burn & burst danger: This product can't be ignited.

Section 3-Composition/Information on Ingredients

Admixture■

Chemical Name	%	CAS#	EINECS#
Silicon Dioxide	60-90%	7631-86-9	231-545-4
Titanium Dioxide	10-40%	13463-67-7	236-675-5

Section 4-First Aid Measures

Skin touch: Remove contaminated clothing, rinse with plenty of water.

Eyes touch: Eye contact: Did eyelid, mobile water or saline. Get medical aid.

Inhalation: Rapidly from the scene to fresh air. Keep the airway patency. If breathing is difficult, give oxygen. If breathing stops, get medical aid.

Ingestion: Drink plenty of water, induce vomiting. Get medical aid.

Section 5-Fire Fighting Measures

Danger characteristic: This product does not belong to flammable dangerous goods.

Hazardous Combustion Products: Smoking.

Fire-Fighting method & media: Firefighters must wear filter respirators or isolated respirators, wearing fire protective body suits, fire in the wind. Possible to move containers from the scene empty Department. Spray cooling

containers to keep the fire until the end of fire. Media: Foam, dry powder, carbon dioxide.

Section 6-Accidental Release Measures

Emergency treatment: Small leakage: collected in dry container. Large Leak: centralized collection, recycling or shipped to the transfer of waste disposal sites.

.Section 7-Handling and Storage

Handling: Provide adequate ventilation. The operating personnel must strictly abide by the rules. Recommended operating personnel wearing overalls, wearing gloves. Keep away from fire, heat source, water source, smoking is prohibited in the workplace. Avoid creating dust. Use explosion-proof ventilation systems and equipment. Avoid contact with oxidizing agents and strong acids. Corresponding with the variety and quantity of fire equipment and emergency equipment leakage.

Storage: Store in a cool, ventilated warehouse. Keep away from fire and heat. Should be stored separately with oxidants and acids, avoid mixing reservoir. Corresponding with the variety and quantity of fire equipment. Storage areas should be equipped with spill response equipment and materials suitable host.

Section 8-Exposure Controls, Personal Protection

Maximum admissible concentration: Not established.
Monitoring Methods: None.
Engineering controls: Provide adequate ventilation.
Respiratory protection: it is recommended to wear self-absorption filter respirators.
Eyes protection: Wear protective goggles.
Body protection: Wear usual working clothes.
Hands protection: Wear protective gloves.
Other protection: No smoking, dining and drinking water in the workplace. Keep good habit of hygiene

Section 9-Physical and Chemical Properties

Appearance: Translucent powder.
Melting point: 1680℃.
Absorption wavelength: No data.
Water absorption rate: No data
Melt flow rate: No data.
Boiling point: 2330℃.
Relative density(water=1)： No data
PH： No data.
Solubility in water: insoluble .
Flash point: No data

Section 10-Stability and Reactivity

Stability: Stable under normal temperature.
Avoid contact conditions: Fire, heat.
Hazardous polymerization: None
Decomposition products: Under normal use, no harmful

Section 11-Toxicological Information

Acute toxicity: None.
Sub-acute and chronic toxicity: None.
Irritation: None.
Carcinogenicity: None.
Sensitization: None.
Mutagenicity: None.

Section 12-Ecological Information

Eco-toxicity: No known significant effects or critical hazards.
Biodegradable: Not applicable.
Non-biodegradable: Not applicable.
Other harmful effects: Other adverse reactions were not determined.

Section 13-Disposal Considerations

Waste disposal methods： Disposal of the former should refer to the relevant national and local laws and regulations.
Disposal considerations: Can not be directly discharged into rivers, ponds and other aquatic environment, should be sent to the designated place for treatment of waste.

Section 14- Transport Information

Number of dangerous goods: Not applicable.
UN number: No data.
Packaging mark: No data
Packaging method: The inner packaging is plastic bag and foil paper,outer is carton.

Transport attentions: Before transport you should check the seal and integrity of the containers, during the transport you ensure that the containers not leak, not fall, not be damaged. Mixed and transported with oxidant, acid is strictly prohibited. Transport vehicle and vessel must be thoroughly cleaned, or not allowed to load other articles. During transport to prevent exposure, rain, high temperature. Stopovers should be away from fire and heat. According to the International Maritime Dangerous Goods Code IMDG Code (Inc Admit 34-08) 2008 version.

Section 15-Regulatory Information

Regulatory information: ISO11014-2009 chemicals safety data sheet content and arrangement order chapter: Regulation (EC) No.1272/2008 substance and mixture classification, labeling and packaging regulations: Code IMDG international maritime dangerous goods regulations.

Section 16-Additional Information

Other information: The above information is based on the data of which we are aware and is believed to be correct as of the date hereof. Since this information may be applied under conditions beyond our control and with which may be unfamiliar and science data made available subsequent to the data hereof may suggest modifications of the information, we do not assume any responsibility for the results of its use. This information is furnished upon condition that the person receiving it shall make his own determination of the suitability of the material for his particular purpose
